

Introducing the Ultimate Portable Building

www.one4haul.com

www.one4haul.com

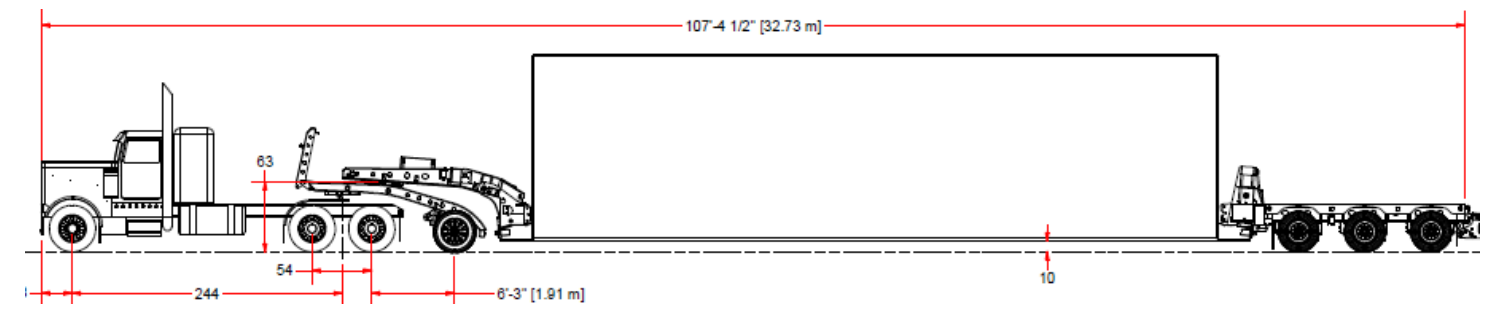

Description

Transportation (closed) dimensions

In transportation (closed) configuration the unit measure 15'-10" wide by up to 50' long by 13'-2" high. Overall weight is +/-70,000 lbs. Other lengths are available.
The optional pup trailer is 10' wide by 14'-10" long and 8'-8" high. It can be fitted with a self contained power generation unit.

Description

www.one4haul.com

Construction

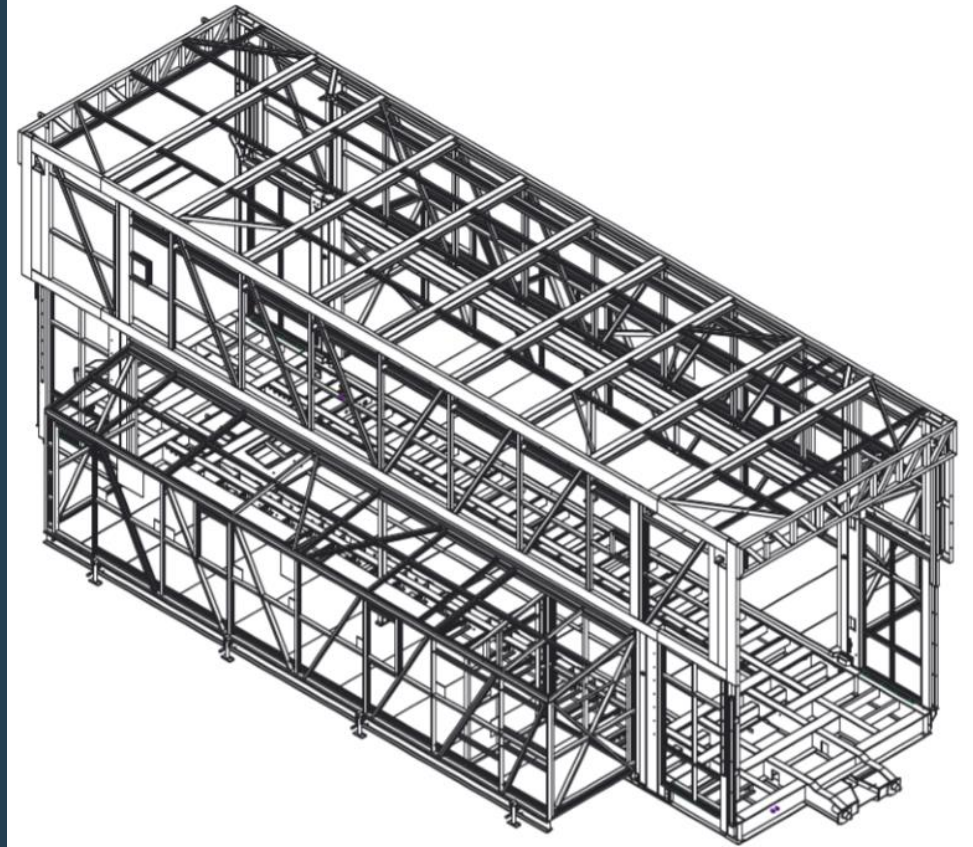

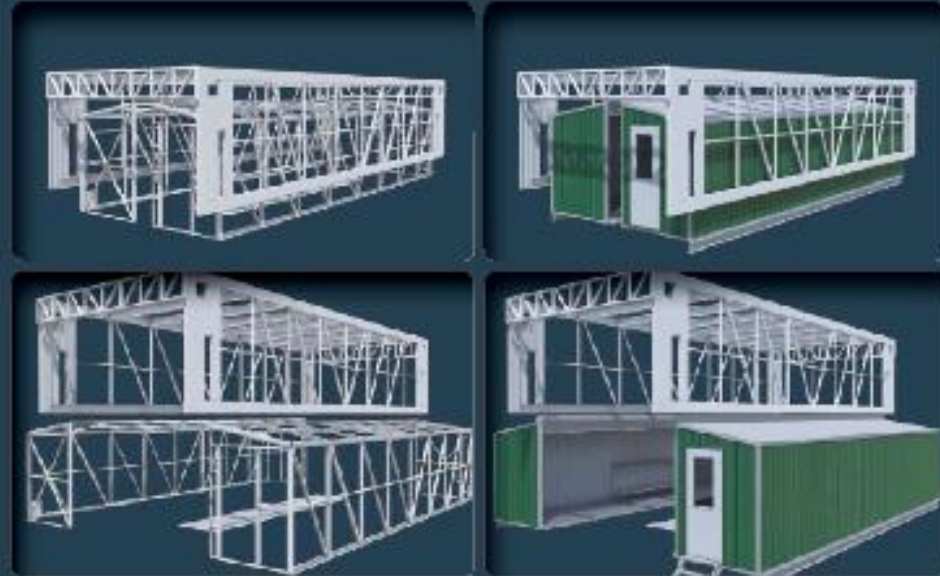

The construction is exterior sheet metal over polyurethane insulation (R-17.5 minimum), structural aluminum and high strength steel.

The roof is designed for a minimum snow load of 35 PSF.

The design parameters far exceed that of conventional portable structures and they meet or exceed those of most site built facilities.

It is ideally suited for remote locations and extreme climates.

The minimum expected functional lifespan is 10 years.

SCALE 3/160

Manufacturing

www.one4haul.com

Value Proposition

Self Contained

Prewired, insulated, heated, A/C, plumbing, fixtures, wet service

Heavy Duty

Suitable for industrial grade applications, OH Doors, 3 Phase wiring, vehicle drive through, 18 foot ceilings, OH Gantry Crane, secure.

Accessibility

No permits, no foundations, no design time or fees

Portable

Truly portable, < than a day set up / take down, fully automated

Environmental

Zero footprint, reusable, capital asset, no property tax, re-configurable, high resale, long life, integral waste containment.

THE ULTIMATE PORTABLE FIRE HALL / AMBULANCE STATION

www.one4haul.com

Portable Fire Hall / Ambulance Station Configuration Options

Single (Tall) Apparatus Bay

- 40 foot and 50 foot length options
- Approximately 19' tall
- Approximately 16' wide drive surface
- 14' wide by 16' tall electric overhead door(s)
- 2-10' tall by 6' wide x 36' long side pods or one 10' tall x 10' wide x 36' long side pod.
- Lights, wiring, insulation and HVAC included.
- Detachable heavy duty drive ramps.

www.one4haul.com

Portable Fire Hall / Ambulance Station Configuration Options

Single (Short) Apparatus Bay

- 40 foot and 50 foot length options
- Approximately 13' tall
- Approximately 16' wide drive surface
- 14' wide by 10' tall electric overhead door(s)
- 2-10' tall by 6' wide x 36' long side pods or one 10' tall x 10' wide x 36' long side pod.
- Lights, wiring, insulation and HVAC included.
- Detachable heavy duty drive ramps.

Portable Fire Hall / Ambulance Station Configuration Options

Double (Tall) Apparatus Bays

- 40 foot and 50 foot length options
- Approximately 19' tall
- Approximately 16' wide drive surface
- 14' wide by 16' tall electric overhead door(s)
- 3 or 4-10' tall by 6' wide x 36' long side pods. Open bridge between units.
- Lights, wiring, insulation and HVAC included.
- Detachable heavy duty drive ramps.

Double (Short) Apparatus Bays

- 40 foot and 50 foot length options
- Approximately 13' tall
- Approximately 16' wide drive surface
- 14' wide by 10' tall electric overhead door(s)
- 3 or 4-10' tall by 6' wide x 36' long side pods. Open bridge between units.
- Lights, wiring, insulation and HVAC included.
- Detachable heavy duty drive ramps.

Portable Fire Hall / Ambulance Station Configuration Options

Triple Apparatus Bays (Any Combination of Short & Tall)

- 40 foot and 50 foot length options
- Approximately 19' or 13' tall
- Approximately 16' wide drive surface
- 14' wide by 16' or 10' tall electric overhead door(s)
- 4,5 or 6-10' tall by 6' wide x 36' long side pods. Open bridges between units.
- Lights, wiring, insulation and HVAC included.
- Detachable heavy duty drive ramps.

Portable Fire Hall / Ambulance Station Configuration Options

Quad Plus Apparatus Bays (Any Combination of Short & Tall)

- 40 foot and 50 foot length options
- Approximately 19' or 13' tall
- Approximately 16' wide drive surface
- 14' wide by 16' or 10' tall electric overhead door(s)
- Multiple-10' tall by 6' wide x 36' long side pods. Open bridges between units.
- Lights, wiring, insulation and HVAC included.
- Detachable heavy duty drive ramps.

Integral Accommodation Area

www.one4haul.com

www.one4haul.com

- Purchase, Lease and Monthly Rental Options
- Turnkey Delivery, Setup, Takedown and Pickup
- Non-combustible with Built In Fire Suppression Sprinkler Systems
- Vehicle Exhaust Venting Systems
- Barracks / Accommodation Units Available
- Built in Waste Water Retention Tank for Vehicle Washing
- Zero Footprint on Removal / No Foundations / No Permits

Customers & Markets

- ENERGY
- MINING
- ROAD CONSTRUCTION
- INDUSTRIAL CONSTRUCTION
- PIPELINES
- INSTITUTIONS
- REMOTE SERVICE
- EMERGENCY RESPONSE
